REQUEST FOR QUOTES

Chisago County is seeking quotes from qualified contractors to provide in-county collection and proper recycling of household appliances, tires, electronics, and mattresses from Chisago County residents for the calendar year 2023. Contractors will verify county residency and collect a fee (the approved bid amount – less the County subsidy) for items collected and submit this information in monthly reports. Contractors must also submit information on total tonnage recycled, how and where items are ultimately processed, and have a current Chisago County Solid Waste License with insurance and bonding. Contractor must agree to the use of coupons for which they will be reimbursed for.

Request-For-Quotes are due back by Friday, December 2, 2022, at 12:00 p.m. to:

Christina Vollrath, Clerk of the Board, Chisago County Government Center, 313 N. Main Street, Room 170, Center City, Minnesota 55012.
